"The responsible voice of North Adelaide"

North Adelaide Society Inc.

Established in 1970

Attention: The Treasurer

PO Box 60

NORTH ADELAIDE SA 5006

Formed in 1970 and operating continually since, The North Adelaide Society exists to provide a *responsible voice* on matters affecting North Adelaide and its surrounding Park Lands. At that time, there was no formal plan in place for orderly future development, nor the protection of heritage items; only the prospect of planning chaos.

Over the past 40 years, most of these issues have been addressed with some sense of order coming through the implementation of planning controls. These controls provide certainty for everyone, new heritage incentives to maintain and enhance that which are worth keeping and a gradual progress to improve the general amenity for residents, traders and visitors alike.

The North Adelaide Society is proud of its achievements and involvement over the past four decades and still looks forward to continuing its vital role in providing that responsible voice.

Our enduring aims are printed overleaf. Becoming a member is as easy as filling out the form and posting it to us as indicated.

Your support in becoming a member, will ensure that we continue to be a legitimate representative in the many matter affecting the community of North Adelaide.

Anyone can join; in fact, it is encouraged to do so. Whether you plan to stay in the neighbourhood for many years or just a short while, joining the society is one way of contributing to a process which has made North Adelaide the very desirable and enjoyable place it is today.

For a modest annual subscription, you will receive four informative newsletters a year, along with the opportunity to participate in four quarterly meetings. At the meetings, members are usually entertained by interesting guest speakers and just prior to Christmas, a famous evening where raffle prizes (being donations from a score of local businesses) put special cheer into the air.

Our objectives...

Written in 1970, still relevant
